The LGCDP (Local Governance and Community Development Programme) is a national level priority number one programme of the Government of Nepal focussed on *local governance and community development* implemented since July 2008. The Government of Nepal (GoN) is committed to improving people's standards of living through citizen-centric governance and effective service delivery based on democratic values and rights based development. It has achieved considerable success in implementing the first phase of the Local Governance and Community Development Programme (LGCDP), a national flagship programme in the area of local governance and community development. Given the success that has been achieved in the implementation of LGCDP I, the importance of this programme in ensuring the accountable delivery of local services through established institutions and systems and the commitments being expressed for its continuation, the GoN and the LGCDP development partners (DPs) have decided to continue the programme into a second phase. In doing so, they will strive to build on Phase I successes while addressing its emerging challenges, demonstrating value for money and practicing effective risk management in a transitional and politically uncertain environment. This programme is being financed jointly by the Government of Nepal and various development partners (DPs) under different financing arrangements. The overall goal of the programme is **to contribute towards poverty reduction through better local governance and community development**. There are four components are this programme which are - Policy: Governance Reform; Supply: Service Delivery and Capacity Development; Demand: Citizens Empowerment and Local Development: Socio-Economic and Infrastructure Development. This program is implemented by Local bodies at district, municipal and village level. LGCDP, Regional Coordination Unit, Hetauda provides regular technical and professional backstopping support in all thematic areas to this municipality. This report covers the progress of all thematic areas of Birgunj Sub metropolitan covering all 30 wards.

LGCDP is supporting local bodies (Birgunj Sub-Metropolitan City) since its time of intervention, 2008. The first phase was designed for the period 16 July 2008 to 15 July 2012. Further extended for one year as bridging phase i.e. up to 15 July, 2013. The main areas of the LGCDP I was to capacitate demand side such as: social mobilization, capacity development, block grant support for infrastructure development, Information-Education and Communication (IEC), financial management, environment and social safeguard. The programme has been successful in establishing foundation for citizen empowerment and service delivery mechanism and functionality. However, there have been mixed results in internalizing and institutionalizing these activities due to different factors during the implementation period. Hence LGCDP II is designed for the period 16 July 2013 to 15 July 2017. Phase II is seen as to capacitate and boost up supply side having a key instrument for continuing the momentum established in Phase I and making further advances in these areas. In this line, LGCDP II provides an overall framework for strengthening decentralization, devolution and improved local governance system for the effective delivery of basic services and the empowerment of citizens, especially women, children and Disadvantages Groups and their institutions. It has been designed as a framework programme with four outcome and nine output areas.

This narrative/ annual progress report is produced by Birgunj Sub-Metropolitan City for Local Governance and Community Development Program (LGCDP) for the fiscal year 2071/072 (2014/15 A.D.). Therefore, this report is explicitly focused on the activities, progresses, issues and information related only with the LGCDP program. However, the report also covers the first seven outputs set for the program which are related with the development as well as governance part of the local bodies. 1.2 LGCDP Programming in Birgunj Sub-Metropolitan City :

LGCDP stands as Local Governance and Community Development Programme which is one of the biggest government owned local governance and community development programme implemented in all VDCs, DDCs and municipalities of Nepal. Governance, and its functionality at local level, is the backbone of decentralization, democracy and federal republic setup. The social mobilization significantly enhances the people's capacities and facilitates to get access and opportunities for people to participate in development process. Since, Nepal is attempting to go through the transition of governance system (i.e. federal republic set-up); delegation and devolution of power is being exercised through the promotion of local self-governance; and socio-economic backwardness is in the center of concern; the social mobilization services for the people has been a vehicle for promoting access to services and development activities to strengthen the democracy at local levels. Professional and decent facilitating agencies are essential to carry out the social mobilization to continue development process and ensure equitable service delivery among the people. Such agencies play vital role in resource mobilization, policy formulation and implementation, motivation, coordination and collaboration to enable local people through the social mobilization. The transition from poverty to prosperity goes through social mobilizations.

In this context, Local Self-Governance and Community Development Programme (LGCDP) have aimed of social mobilization for empowerment and social transformation to improve people's lives through livelihoods enhancing activities and through better service delivery. The main purpose of the programme is to improve local governance for effective service delivery and citizen empowerment. It provides an overall framework for: (i) strengthening decentralization and devolution processes; (ii) improving local governance system to ensure effective delivery of basic services; and (iii) empowering citizens, especially women, children and disadvantaged groups (DAGs) and their institutions. Social mobilization makes people more aware of their rights and responsibilities in society, and helps to break down social barriers especially for disadvantaged groups (DAGs). It helps DAGs to develop linkages with local bodies and other service providers that can provide them with access to programmes, services and funds that addresses their specific issues, concerns and rights across all sectors. ***The key directions and strategies of LGCDP are:***

- Accountability in Local Governance,
- Improved Social Mobilization,
- Focus on Service Delivery and Resource Mobilization,
- Emphasis on Local Economic Development and Livelihood Improvement Schemes,
- Increased Emphasis on PFM and Management of Fiduciary Risk,
- Preparing for a New System of Local Governance,
- Introduction of Environment Friendly Local Governance (EFLG),

The government has initiated the implementation of LGCDP since 2067 B.S. with support of multi donor agencies, bilateral/multilateral partners and aid agencies. In previous years, the LGCDP activities have quite succeeded to raise the demand side of the people for e.g. formed ward citizen forum (WCF) and Citizen Awareness Centers (CAC), Integrated Programme Formulation Committee (IPFC) and mobilized them. The Ward Citizen Forums (WCFs) are formed to strengthen interaction between citizens and local government. It is also a forum to introduce citizens, especially poor and excluded group in planning and oversight of local bodies' activities. Similarly, Citizens' Awareness Centers (CACs) formed as a location of disadvantaged citizens who are left from development mainstream to educate them about their rights, identify and address issues affecting their daily life and enhance their access to basic services in local bodies and development agencies.

The LGCDP program was started in Birgunj Sub-Metropolitan City since its first phase from FY 2008/09. Initially, the program was implemented in 11 wards of the municipality. However, in phase II, this programme expanded in remaining 8 wards and 11 newly added wards (11 VDCs) of the municipality. Now, LGCDP program has been fully implemented in all the 30 wards of the municipality. There are 30 Ward Citizen Forum (WCF) and 30 Community Awareness Center (CAC) are formed covering all 30 wards in the municipality following UCPA survey at community level. Total 791 members (454 men, 337 female) are quite engaged in WCF whereas total 812 members (38 men and 774 women) are fully involved in 30 CACs in the municipality. The total 30 Community Awareness Center (CAC) members of all 30 wards received LIP grant and

cover all wards of the municipality. Total 133 HHs are directly benefited from LIP schemes. Out of total 133 LIP schemes, 54 projects are on farm and 79 are off farm. All LIP projects are implemented and continued effectively with starting started returning. Similarly, CAC members of 22 wards of municipality received SIP grants (@ 3.15 lakh each CAC), 237 men and 646 women benefited. CAC graduation assessment done at 22 wards. Re-constituting of WCFs member of 11 wards of newly added VDCs were done as per guideline. Out of total approved plan, Municipality approved more than 80% of plan prioritized by WCF.

Local level planning is the crucial part of the local body which decides what types of project will be going to be implemented in coming fiscal year and how the poors choice projects are being prioritized. The local level planning (also called as bottom up planning) is the key of this programme. For effective local level planning, LGCDP initiated 3 days “Local Level Planning trains” in each and every ward of the municipality in last Nov-Dec 2014.

Currently, one Urban Governance Expert (UGE) and one ICTV, appointed by MoFALD, are working in Birgunj SMC for the supports to the LGCDP and overall programming in Birgunj Sub-Metropolitan City (SMC).

For the effective and efficient social mobilization work in the local body, Birgunj SMC has contracted out 3 LSPs which are working since 15 March, 2015. The detail information of the LSP working under Birgunj SMC has been presented in **Annex-4**. Three different clusters have been allocated for the 3 LSPs covering 10 wards in each LSP.

Each LSP has one programme Coordinator and ward level Social Mobilizers. The new SMs are hired through open competition for remaining wards of the municipality. There are 3 programme coordinators covering all 3 clusters. And 30 social mobilizers (15 male and 15 female) are working in all wards (one SM in each ward). The SMs were formally handed over to the 3 different LSPs. The details with name list and other key information about programme coordinator and working social mobilizer has been outlined in the **Annex- 7**.

2. OUTPUT WISE KEY PROGRESS

The significant goal of this LGCDP program is to contribute towards poverty reduction through healthier, functional and efficient local governance and community development. The purpose of the program is to improve the local governance for effective service delivery and citizen empowerment. To contribute on its purpose and goal, the programme has set 4 outcome and 9 outputs; out of which the last two outputs are related with policy level and first 7 outputs are directly linked with the implementation level in local bodies. So, the progresses achieved during the FY 2014/15 by Birgunj Sub-Metropolitan City are outlined here based on the first seven outputs.

3 . KEY ISSUES FACED

I. ISSUES RELATED TO LBs / LBs COORDINATION AND COMMUNICATION:

- Due to long absenteeism of local elected body, very difficult to harmonize the overall programme throughout the municipality and well convincing among political parties/ representatives;
- No functional information/communication center established;
- Still, section people think LGCDP as separate project/ challenge of ownership
- Less effort provided from sectional people towards MCPM
- Difficult to know proper information about the current status of financial, revenue amount as such sectional people don't feel importance to share such information for reporting...
- Less capacity of the staffs / need to sharpen and capacitate as per latest technology and demand...

II. **POLITICAL PRESSURE-** Unnecessary political pressure has been exerted by the local political party leaders during project selection and formation of the user's committee (UCs)/ tendering /auctions etc. for the programme implementation. It is found that many vested interests of the local political parties exist in UC formation.

III. PROGRAMME AND POLICY RELATED :

- Political pressure- user's committee formation, LSP selection, SM recruitment, different working committee formation etc.
- Over burden of work against limited capacitated human resources in municipality; over staffing who needs to capacitate to get the work done efficiently and effectively
- More demand (of LIP, SIP and other financial supports) from CAC, WCF but very limited resources to fulfill the needs of all at the same time; delayed in fund transfer, of 11 newly VDCs, from DDC to municipality; for this reason, the CAC, WCF and other programme budget is not released to the beneficiaries on time;
- minimal internal revenue and problem of matching fund from municipality to STIUEIP/ADB project;; challenge raised during merging of 9 WCFs into 1 WCF in newly added VDCs as high level conflict among WCF members are being raised;
- More demand for CAC formation even in same wards ;
- Delayed in release of fukuwa letter from ministry;
- More capacity building programs is required to sharpen the capacity of LB staffs.
- **MCPM** - Birgunj SMC has been continually failing on MCPM evaluation since last two fiscal year (2069/70-2070-71). As a result of this MCPM marking, the central budget for this municipality has been cut down up to 20% (in minus) and the municipality is not getting additional grants for their local development. Due to lacking on some key indicators related with the internal revenue, expenditure and financial management governed by the local bodies, Birgunj SMC is failing on PM evaluation. In FY 2069/70, it ranked to 57th position by failing on PM with deducting 20 % grants to be provided for Municipality. The root cause is that no any seriousness is concerned among municipal staffs about MCPM and there no focal desk/focal person for MCPM.
- **BIG GAP BETWEEN DEMAND AND SUPPLY**-The local level planning process shows that there is wide gap between demand and supply. The number of projects demand by the citizens is found very high as compare of the available funds which allow approving the limited number of the demands. *For instant, WCF demanded 468 projects in last planning process as conducted during FY 2071/072 and hardly 100 projects were accepted for implementation/as passed by municipal council.* The phenomena are being retreaded year by year.....

- **SOCIAL MOBILIZATION**-Salary, benefits and leave of the social mobilizer is currently provided directly from Municipality to SM bank account while SM coordinator are mobilized under respective LSPs. This provision has made the LSPs difficult to mobilize the SM working under LSPs.

IV. OVER STAFFING/ INTERNAL REVENUE: There are around 650 internally permanent staffs working in this municipality; out of which around 300 staffs are assigned for sanitation (as sweeper, naike). Internal review is not enough for sustaining such over staffs. Every year internal budget is deficit to sustain such staffs in the municipality. I.e. one crore is required for one month salary of all staffs in this municipality and whole year internal revenue amount is just sufficient for the salary then where the money for local development from internal revenue/source is.

V. CAC AND WCF LEVEL:

- No any CAC has graduated so far as most of them falls under 3-4 scale of spider web report;
- More demands come from CAC members for LIP and SIP;
- Difficult to institutionalize and regular meeting of WCF (basically in newly added VDCs due to political gambling);
- Delayed in disbursement of CAC, WCF operation cost/budget from the office account; delayed in fund release from DDC to municipality especially for newly added 11 VDCs.

VI. FINANCIAL DISBURSEMENT

- Very slow and lingering process in financial disbursement of programme budget from office account to the targeted beneficiaries;
- Delayed in sending fukuwa letter from central level to municipality level;
- Delayed in release of Social security allowance from office account to user's personal account;

VII. REPORTING (RBM, TRIMESTER REPORT) AND INTERPERSONAL COMMUNICATIONS :

- Need to train local staff, reporting staffs on RBM and quarterly/annual reporting; as practice, only sectoral report like as : account, and project/planning section prepare their quarter report and sent to central level. Other Sectional report is not in practice to prepare on quarter basis.
- Still needs to train other staffs to report on WBRS and quarterly, annual report. Official telephone/mobile is required for effective programme implementation and communication;

4. WAY FORWARD AND SUGGESTIONS

The following suggestions are provided to make the program more effective in the current FY 2015/16-

- Collective effort from all GOs, I/NGOs, UN agencies, local people and civil societies required to make the 'GREATER BIRGUNJ CITY'. Users' contribution is required...
- Regular review meeting should be made on quarter wise with mobilization of all section heads;
- OD/ToR of each staff and section/sub-sections needs to be prepared and worked accordingly;
- Exposure visit of technical and non-technical staffs, ward secretary required;
- Regular follow up and monthly staff meeting and strategic meeting is required... ;
- Every staff of the municipality has to take own(ownership feelings towards municipality) the municipality as own work and work with trust...
- Needed to prepare Municipal Disaster Risk Management Plan, Urban Periodic plan, Land use Plan, with coordination of all functionaries of Birgunj SMC;
- Need to regular coordination for fund release from DDC to municipality for newly added VDCs;
- To reduce wide gap between demands and supply in bottom up planning process, the resource based local planning should be implemented. In this regards, the total fund should be defined and shared among all stakeholders during

level planning meeting/workshops so that the citizen can formulate their plan on the basis of the available budget ceiling.

- To enhance the social mobilization process, an arrangement of fortnightly meeting with LSP coordinator should be organized (in both municipal office and LSP office regularly at every fortnightly) to review the progress of the earlier month and to set the action plan of the upcoming month. Moreover, bi-monthly cluster meeting with respective SM and CAC coordinators should be organized to expedite the social mobilization process throughout the municipality areas.
- Regarding the MCPM score, the action plan of the MCPM activities throughout the year with clear cut responsibilities/focal desk responsibilities and deadline will be displayed in each section and specified the responsible person of the section of the municipality (including ward office). In addition, one focal desk/person should be assigned especially to review the progress periodically and accelerate the MCPM activities. Moreover, the MCPM activities should be tie up with the indicators of the performance contract as made by EO with the MoFALD in last year.

गर्भ गर्छु आफु लाई

म एक गरिब दलित जातिको महिला भनेर चिनीने नगिया देवी गोसाई बिरगंज उपमहानगर पालिका वडा नं. ५ को भगवती टोलमा बस्छु । मैले पढन लेख्न पाएको थिइन । मेरो श्रीमानको नाम रघुनाथ गोसाई हो र मेरो सात वटा छोरा छोरीहरु छत्र । धेरै परिवार भएकोले मलाई परिवार धान्न गाह्रो भएको थियो । मेरो श्रीमान अर्काको साईकल मर्मत पसलमा काम गर्नुहुन्थ्यो र छोराछोरीहरुलाई जसोतसो सरकारी विद्यालयमा पढन पठाएका थियौं । गरिबीको कारणले गर्दा छोरीहरुलाई पढाउनु भन्दा सानै उमेरमा विवाह गरिदियौं । भगवती टोल गरिबी, पिछिडिएका दलित जाती र निकै फोहरी मान्छे बसोबास गर्ने टोल भनेर चिनिन्थ्यो । टोलको नाम लिने बित्तिकै अपमान सहनु पर्दथियो ।

नगिया देवी गोसाई

यसै शिलशिलामा स्थानिय शासन तथा सामुदायीक विकास कार्यक्रम लागु भएपछि म नागरिक सचेतना केन्द्रको संयोजक बन्न पुगे । त्यसपछि समुदायको सामुहिक निर्णयानुसार म नागरिक सचेतना केन्द्रको संयोजक बनेपछि मलाई धेरै कुराको ज्ञान भयो । म संयोजक भएको कारण मलाई विभिन्न संघसंस्था, नगरपालिका र वडाका कार्यक्रमहरुमा आमन्त्रणा गर्न थालियो । पहिले कसैले पनि वस्ता गर्दैनथिए र गरे पनि हेलाको ध्येय राख्दथिए तर आज मलाई टोल छिमेकी विभिन्न संघसंस्थाले ईज्जत साथ सम्मानका साथ हेर्ने गर्दछन् । अहिले हामी प्रत्येक हप्तामा नागरिक सचेतना केन्द्रको बैठक गर्दछौं र विभिन्न समस्याहरुको बारेमा छलफल गर्दछौं । छलफलमा आएका समस्याहरुलाई नपा.कार्यालय र वडा कार्यालयमा पठाउनका लागि ना.स.के.का सदस्यहरुले मलाई नै खोज्दछन् । नासकेको छलफलले गर्दा मलाई धेरै ज्ञान प्राप्त भयो र म टोल विकासका लागि खटीन थाले । यसरी विभिन्न ठाँउमा जाने आउने वातावरण नासकेले गर्दा मलाई चिनिने मौका मिल्यो ।

जब नागरिक सचेतना केन्द्रमा नपा. बाट ीक्ष लागु भएपछि मैले पनि रु. १०,०००। श्रृण लिएर आफ्नो श्रीमानको साईकल मर्मत पसलमा समान थप गरी कारोवार बढाउनमा सहयोग गरे । जस्तै गर्दा आफ्नो आर्थिक स्थितिमा सुधार हुदै गयो । नागरिक सचेतना केन्द्रमा साप्ताहिक भएको रिफ्लेक्ट कक्षा संचालनमा छलफल गरिएका समस्याहरुको प्रभावले कारण शिक्षाको महत्व बुझेर आफ्ना छोराहरुलाई शिक्षामा जोड दिन थाले । फलस्वरूप मेरो छोरा अहिले :बचपभतप्लन च्मउचभकभलतवतष्वभ भएकोछ । पहिले मैले मात्र छोराहरुलाई पढाएको थिए र जब मेरो छोरा :च भएको देखेर भगवती गोसाई टोलका अरु परिवारहरुले पनि आफ्नो छोराछोरीहरुलाई स्कूलमा नाम लेखाई देऊ भनेर मलाई लिदै स्कूल लाने गर्दछन् ।

बिरगज उप महा नगरपालिकाका कार्यकारी अधिकृत विष्णु कोइराला नागरिक सचेतना केन्द्र १९को अनुगमन गर्दै

पहिले मलाई रघुनाथको श्रीमती भनेर बढी चिन्दथिए भने अहिले मलाई नगिना देवी भनेर चिन्दछन् । मलाई अहिले विभिन्न संघ संस्थाहरुले कार्यक्रममा बोलाउने गर्दछन् र म आफ्नो सदस्यहरुलाई पनि लिएर जाने गर्दछु साथै आफ्नो टोल विकासका लागि र दलितहरुको अधिकारको बारेमा भन्न सक्दछु । आफ्ना कुरा निर्धक भएर राख्न सक्ने परिवर्तन ममा आज आएकोछ ।

यसको जलवन्त उदाहरण म आफ्नो यो सफलताका कथामा प्रस्तुत गर्न चाहन्छु । बिरगज उप महा नगरपालिकाका कार्यकारी अधिकृत विष्णु कोइराला नागरिक सचेतना केन्द्र अनुगमन गर्ने दौरानमा भगवतीटोलको विकास तथा सरसफाईको समस्या राख्ने मौका पाए । नगरपालिकाको सहयोग र नागरिक सचेतना केन्द्रको सकृयतामा भगवती टोलको सरसफाई भएको छ । समाज रुपान्तरणमा मइले खेलेको भुमिकाको कारण म **गर्भ गर्छु आफुलाई** र म जस्तै गोसाई टोलका अरु दिदी बहिनीहरुमा पनि परिवर्तन नहुन्जेल म संघर्ष गरिरहने प्रतिवद्धता व्यक्त गर्दछु ।

हामीलाई सहयोग गर्ने समाज विकास समन्वय समिती र सामाजिक परिचालकलाई धन्यवाद ।

नागरिक सचेतना केन्द्रले सुखमय जिवन बिताउन सिकायो

पहिलेको अवस्था :- बि.उप.मनपा. वडा नं. १८ को लक्ष्मनावा चमार टोलमा म बस्दछु । मेरो घर एकदम पुरानो खरले घेरेको टाटी बाट बनाएको घरमा कष्टकर जिवन बिताउदैथिए । परिवारमा छोरा, बुहारी, श्रीमान नाती नातिनीहरु थिए । मेरो छोराको उमेर २२ वर्ष पुग्दा सम्म कुनै काम थिएन छोरो बेरोजगारी नै थियो । श्रीमानले जुत्ता सिलाउने काम गर्नुहुन्थियो । श्रीमानलाई जुत्ता सिलाई सम्बन्धि राम्रो ज्ञान थियो तर आर्थिक अभाव थियो । श्रीमानको कमाईले परिवार धान्न मुश्किल पर्दथियो । म समुदायमा कुनै पनि कार्यक्रममा सहभगी थिईन । समाज बाट पनि सहयोग मलाई थिएन । दलित र गरिब भएकोले अपहेलना खेप्नु परेको थियो ।

अहिलेको अवस्था :- जब म स्थानिय शासन तथा सामुदायी कार्यक्रम अर्न्तगत नागरिक सचेतना केन्द्रमा आवद्ध भए तब देखी हामी सबै जना हरेक हप्तामा एक दिन छलफलमा भाग लिन थालौं । मैले सचेतना केन्द्रमा भाग लिएर समस्याका अन्तरनिहित सवालहरु बारे सिक्ने मौका पाई र समाजमा संगठित हुनुपर्छ भन्ने सिकाई पनि भयो जसले गर्दा समस्या पनि सजिलै समाधान हुन्छ भन्ने पाठ सिक्ने मौका पाएँ ।

सचेतना केन्द्रमार्फत आम्दानीमा बृद्धि.....

“पहिले अरुसंग बोल्न डराउने हामीजस्ता गरिब तथा विपन्न महिलाहरुको लागि वरदान सावित भएको छ यो सचेतना केन्द्र । वीरगंज उप महानगरपालीकाद्वारा संचालन गरिएको यस स्थानीय शासन तथा सामुदायिक विकास कार्यक्रममा आवद्ध भएपछि हामीलाई बोल्ने तरिकाको बारेमा थाहा पाई यस समुहबाट केहि ऋण लिएर आफ्नो सानो व्यवसाय पनि संचालन गरिरहेको छु जसको कारणले गर्दा मेरो परिवारको आर्थिक विकास पनि भएको छ” भन्छिन वीरगंज उप महानगरपालीका वडा नं. ९ की चम्पादेवी डोम ।

पर्सा जिल्लाको वीरगंज उप महानगरपालीका वडा नं ९ मा संचालित स्थानीय शासन तथा सामुदायिक विकास कार्यक्रम अन्तरगत गठित सचेतना केन्द्रमा २५ जना सदस्यहरु रहेका छन् । जसमध्ये चम्पादेवी पनि एक हुन् । उनी दलित महिला हुन् । उनको परिवारमा ७ जना सदस्य रहेका छन् । पहिले महिलाहरु घरबाट बाहिर जिस्कन हुदैन भन्ने मान्यता उनीहरुमा रहेको थियो त्यसै मानसिकतामा थिईन चम्पा देवी पनि । उनको परिवारमा श्रीमान् मात्र काम गर्नुहुन्थ्यो । जसको आम्दानीले उनीहरुको परिवारलाई दुई छाक टार्न नै मुस्किल थियो । छोराछोरीलाई पढाउन पनि उनीहरुलाई मुस्किल थियो । उनी भन्छिन मेरो श्रीमान्को कमाईले हाम्रो परिवार पाल्न नै गाह्रो थियो । भएका छोराछोरीहरुलाई पढाउनको लागि पनि ठूला मानिसको मुख ताक्नुपर्ने थियो तर अहिले मेरो परिवारका सदस्यहरुलाई दुई छाक खानको लागि धौ धौ पर्ने अवस्था छैन ।

२ वर्ष अगाडी यस वडामा स्थानीय शासन तथा सामुदायिक विकास कार्यक्रम लागू भएपछि यस वडा अति विपन्न महिलाहरुलाई समावेश गरि सचेतना केन्द्र गठन गरियो जसमा चम्पा देवी पनि आवद्ध भई नियमित बैठकमा सहभागि हुन थालिन् । जहाँ उनले आफ्नो अधिकार बारे जानकारी पाउन थालिन् । बोल्ने तरिकाको बारेमा सिक्न थालिन् जसले गर्दा बाहिर अन्य व्यक्तिहरुसंग बोल्न डराउने चम्पादेवी अरु व्यक्तिहरुसंग पनि खुलेर कुराहरु गर्न थालिन् । यसै क्रममा कार्यक्रमहरुमा नियमित सहभागि हुने चम्पादेवीले आफुले पनि केहि गर्ने मनसाय बनाउन थालिन् र सचेतना केन्द्रमा पनि उप महानगरपालीकाले पनि महिलाहरुको लागि नै साना वयसाय संचलनमा सहयोग गर्न सस्तो व्याजदरमा रु.एक लाख अनुदान रकम प्रदान गर्‍यो । चम्पादेवीले पनि आफुले ऋण लिएर आफुले जानेको सीप अनुसार व्यवसाय गर्ने निर्णय गरि रु.१५,००० रकमको माग गरिन् । उनी भन्छिन् मैले रु. १५००० ऋण लिई मैले जानेको बाँसको समानहरु बनाएर बेच्न थाले । मैले बाँसको नाङ्ग्लो, टोकरी, पंखा, सुपा आदी बनाएर घुमाएर बेच्ने गरे । राम्रै बिक्री हुन थाल्यो । मैले दैनिक रु.३०० देखी रु. ५०० सम्म आम्दानी गर्न थालेको छु । जसले गर्दा मै पनि मेरो घरमा खर्च चलाउन सक्ने भएको छु ।

उनले आफुले बनाएका सामानहरु हाट बजारमा समेत लगेर बेच्ने गरेकी छिन् । उनले आर्थिक आम्दानी गरि आफ्नो परिवारलाई सहयोग गर्नुको साथै उनीले आफ्नो बोल्ने शैलीमा परिवर्तन गरेकी छिन् । गाउँका भलादमीहरुको अगाडी गएर पनि आफ्नो कुरा राख्न सक्ने भएकी छिन् । महिलाहरुको लागि सीपमुलक काममा सहयोग गर्ने कार्यक्रम नगरपालीकाले संचालन गरेकोमा उनीहरु धेरै खुशी पनि छन् । अन्तमा उनी भन्छिन् हामी महिलाहरु घरबाट बाहिर निस्कने गरेका थिएनौं । तर बाहिर ननिस्की आफ्नो अधिकार को बारेमा थाहा नपाईने साथै केहि गर्ने मौका पनि नपाईने रहेछ । महिलाहरुलाई अगाडी बढाउनको लागि यो कार्यक्रम संचालन गरेकोमा नगरपालीका तथा दिव्य यूवा क्लवलाई धन्यवाद दिन चाहन्छु ।

सचेतना केन्द्रले बनायो महिलाहरुलाई साक्षर ...

वीरगंज उप महानगरपालीका वडा नं. २१ को सौराहा टोलमा यसै वीरगंज उप महानगरपालीकाद्वारा विगत ४ वर्षदेखि स्थानीय शासन तथा साशन तथा सामुदायिक विकास कार्यक्रम संचालन गरिरहेको छ । जस अन्तरगत अति गरिब महिलाहरुको लागि नागरिक सचेतना केन्द्र स्थापना गरिएको छ जसमा नियमित रुपमा रिफ्लेक्ट कक्षा संचालन भईरहेको छ । वि.सं. २०६८ सालमा गठन गरिएको सो नागरिक सचेतना केन्द्रमा २५ जना महिला सदस्यहरु रहेका छन् ।

नागरिक सचेतना केन्द्र गठन गरिएको समयमा यस समुहका सम्पूर्ण महिलाहरु साक्षर थिएनन् । महिलाहरुलाई शिक्षाको महत्वका बारेमा केहि पनि थाहा थिएन । उनीहरु आफ्नो घरको दैनिकीमा नै व्यवस्त रहने गरेका थिए । उनीहरुले आफ्नो तथा आफ्नो घर र समुदायको सरसफाईको बारेमा पनि केहि थाहा थिएन । नागरीक सचेतना केन्द्रमा हप्ताको एक पटक नियमित रुपमा रिफ्लेक्ट संचालन हुन थाल्यो र महिलाहरु पनि नियमित रुपमा सो रिफ्लेक्ट कक्षामा सहभागी हुन थाले । सो सचेतना केन्द्रमा सहभागी हुने महिलाहरुको लागि साक्षर बनाउन सहयोग गर्नको लागि सचेतना केन्द्रमा महिलाहरुको लागि कपि, पेन वितरण गरियो जसले गर्दा महिलाहरुले अब हौसला पाए र उनीहरु नियमित आई पढ्न र आफ्नो नाम लेख्न सिक्न थाले ।

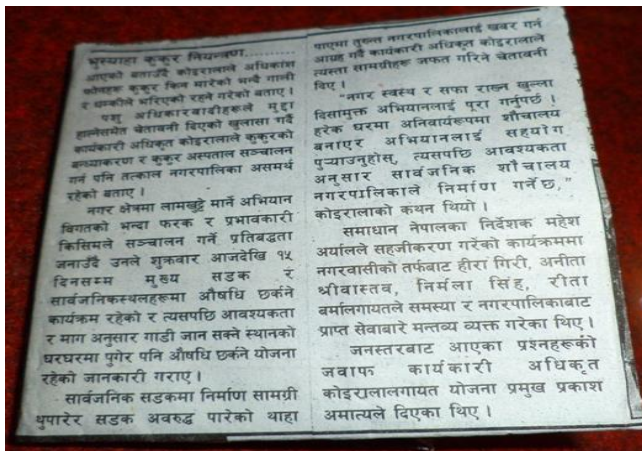

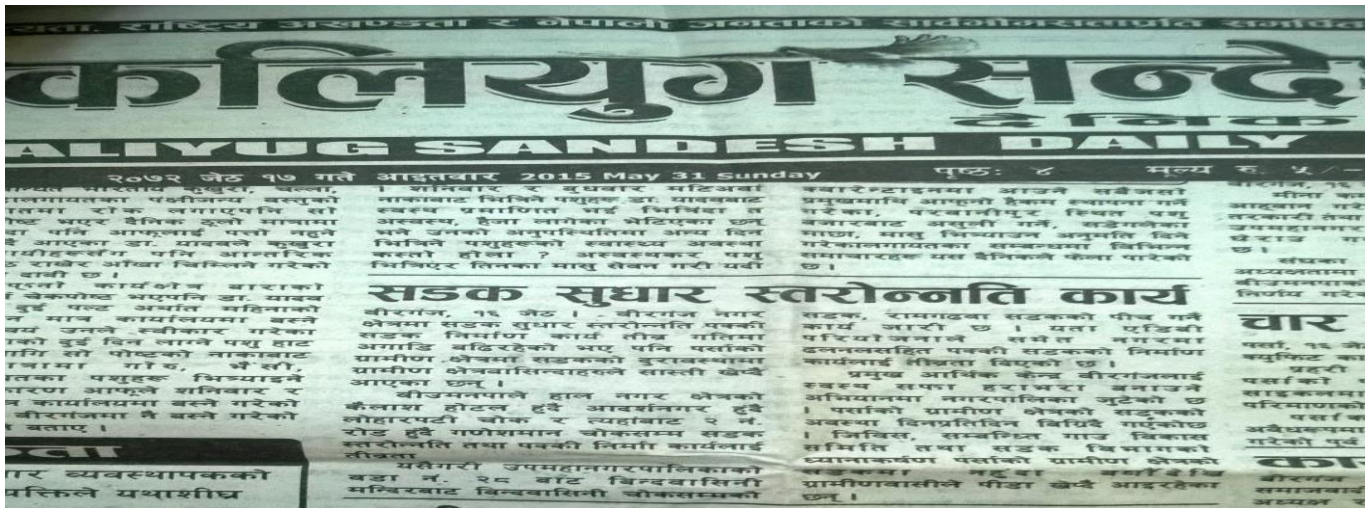

विस्तारै उनीहरु सम्पूर्ण महिलाहरुले आफ्नो नाम लेख्न सक्ने भएका छन् । जसले गर्दा उनीहरुलाई समुदायमा पनि बेग्लै स्थान पाउने बताउछन् । नियमित रुपमा बैठकमा सहभागी भई छलफल मार्फत् उनीहरुले आफ्नो गाउका समस्याहरुलाई योजनामा समेत पार्नको लागि वकालत गर्न थालेका छन् । वीरगंज उप महानगरपालीकाले महिलाहरुको विकासको लागि यो स्थानीय शासन तथा सामुदायिक विकास कार्यक्रम संचालन गरेकोमा धेरै खुशि व्यक्त गर्ने गर्छन् । अहिले यस नागरिक सचेतना केन्द्रमा आबद्ध २५ जना महिलाहरु सबै आफ्नो नाम लेख्न सक्ने भएका छन् । उनीहरु पहिले औठा छाप लगाउँदा आफुलाई तल्लो वर्गको र हेपीएका महशुस गर्ने गर्थे तर अहिले उनीहरु गाउँका अन्य व्यक्तिसरह सहि गर्न सक्दा धेरै गौरवान्वीत हुने गरेका छन् ।

जीविकोपार्जन कार्यक्रमबाट छेरीको विहे सम्भव भयो

वीरगंज उप महानगरपालिकाको वडा नं.९ रामटोल घर भई बसेकी चम्पा देवी डोमिनको ४ छोरीहरुमध्ये जेठी छोरीको विवाह भईसकेको र बाँकी ३ छोरीहरु अहिले पनि अविवाहित छन् । तराईमा कथित दलित भनेर चिनिने चम्पादेवीको आमदानीको स्रोत न्युन भएकोले परिवारको हातमुख जोर्न गाह्रो भइरहेको अवस्थामा यस वडामा २०६८ सालमा स्थानीय शासन तथा सामुदायिक विकास कार्यक्रम लागु भई सचेतना केन्द्र गठन भए पछि उनी सचेतना केन्द्रमा सदस्य भईन । शुरुमा सचेतना केन्द्रमा हुदै गरेको सप्ताहिक छलफल चम्पादेवीबाट प्रभावित भई गरीबीका अन्तनिहित कारणहरु पहिल्याई जेतनेन गरी आफ्नो जीविकोपार्जन गर्दै आएको चम्पाले जिविकोपार्जन कार्यक्रम अन्तर्गत २०७१ कार्तिक महिनामा नागरिक सचेतना केन्द्रबाट रु.१५,०००। ऋण लिई विभिन्न खाले बाँसको सामग्रीहरु (दउरा, छैटा, पंखा, सुपली, डलीया, टोकरी) बुनेर राम्रो आम्दानी गरी आफु लगायत सपरिवारको जीवन निर्वाह गर्दै आएको छिन । पहिला साहु महाजनबाट चर्को व्याजमा ऋण लिई घरपरिवार चलाउने बाध्यता थियो भने आजभोली आफ्नै आम्दानी बाट उनकै शब्दमा - अब हमरा बेटी सनके वियाह सहज ढंग से होजाई भनेर सन्तुष्टि व्यक्त गर्दछिन ।
